## PERSONAL PROJECTS

### MazeLo-Music Player

- It is a 10 song front end project made using HTML, CSS and JavaScript. The project can be accessed from the link below
- https://github.com/Shouvik-Pramanik/MazeLo-Music-Player

### Airline Management System

- A C++ project which books flights for the customers and shows details of available flights
- https://github.com/Shouvik-Pramanik/Airline-Management-System

### Restaurant Management System

- A web development project for which HTML, CSS and JavaScript was used in making the front-end of the project and PHP for making back-end. This basically represents the working of a restaurant from the customer as well as restaurant end
